**Notes:**

On location 7/12/2017, at 11:42am. Release was to the east of flare pit off location. Vegetation on side hill of berm has been cut and removed, area is approximately 15x40 yards. No remaining impacts seen at this time. Spoke with landowner at site, who stated that spray went much further than described in report. Was told it reached trailer to the northeast as well as the barn/shop to the east. Further follow-up required to check vegetation growth.
